Student fees are inclusive of almost all associated educational costs including classroom costs, exercise books, paper, folders, pens, rulers, art and craft materials, text books, paints, and library costs.

Student fees include the cost of most camps, trips and excursions, all visiting performances at the school and elsewhere, sporting activities and outdoor education, including bus costs.

Older primary students may attend a ski trip which will incur an additional cost to parents. Parents will be advised in advance.

Class 1 parents are required to purchase a wooden recorder. Class 3 parents are required to purchase a violin. Both these instruments remain the property of the student/family. In some instances, students are required to pay for their own musical tuition at the school. Parents are advised of this at the commencement of the school year.

### **Conditions**

Please discuss your fee payment plan with administration as part of your enrolment.

If you choose to pay fees in full, they are due in the first week of term. If not received by the first week of term, administration/collection fees may be charged.

Fees can be paid via direct debit if prior arrangement has been made with the school. Scheduled payments must be honoured or administration/late payment fees may be charged.

Interest will be charged on fees not paid within the school term in which they are due.

A full term notice of exit from the school is required, or full fees are charged in lieu of notice.

Fee invoices are raised in the Mother/Guardian name, unless otherwise requested by the family. Split invoices may be arranged through the school administration upon agreement of all parties involved in the payment of fees.

Additional terms and conditions regarding fees are included in the student enrolment pack and should be read at the time of enrolment.
