## DIRECTORY OF MANDATES

### WHAT'S HAPPENING IN THE SCHOOL? WHO DO I SPEAK TO? HOW DO I GET INVOLVED? HOW IS SCHOOL ORGANISED?

The School is organised in such a way that the College of Teachers is pivotal. Why? Because, for every issue, the first and foremost question that must be asked is: "What is the best thing for the children and young people?"

The School works out of the understanding of the development of the child/human being as given by Rudolf Steiner. This has proven a deep and rich well of practical wisdom, and the teachers are committed to continually developing this understanding. Central to the activity of the College of Teachers is reflection upon the children and young people in the school, what is happening in each of the classes and for every individual student. The teachers spend time together, talking about the students, and so each teacher has knowledge of each child and young person in the school, or endeavours to.

There is also an ongoing dialogue with parents as issues arise, so the School is in a continual dynamic of changing/refreshing/renewing; and through all of this, the pivotal point is this understanding of the developing children and young people in our care.

We like to deal with issues through relationship. If there is an issue regarding your child, then the best person to speak with is the class teacher. In high school, speak first to the high school coordinator. Every issue is an opportunity. When the parent and teacher come together in mutual respect, then there are positive outcomes. We have a communications protocol, which details this approach. We also have a dispute resolution process for times when things fall out. There is always a positive path for resolution. We like to think that the "relational way" models for our students, how a sometimes difficult issue can be dealt with productively. We also think this is a good indication of living community.

### **THE BOARD**

The Principal represents the College of Teachers in reporting to the Board. There are currently five Board members. These are John Daniel, Lynn Daniel, Sarah Mann, Steve Grieve and Murray Hopkins. At least 50% of the Board members must be College members (currently three), ensuring that the philosophy of the School is always central in decision making. Murray brings extensive experience in Steiner school administration and is skilled in communication processes. Steve Grieve is a parent in the school with a background in music. Sarah Mann is a parent at the school, with experience as a classroom assistant, and ongoing study in anthroposophical medicine and naturopathic medicine. In 2019 a new Constitution will be implemented and there will be some changes to membership. The parent community will be consulted about these changes.

The Board has statutory obligations, and it has responsibility for watching over the big issues of the School, and ensuring that the School fulfils its mandate. Board members (unless their 'other job' requires it) do not get involved in the day to day activity of the

school, so that they can perform the role of 'wise and cool heads'. A few examples: the Board was intimately involved in all of the decisions relating to the purchase of the School property; meets quarterly to review finances, budgets, and ensure that statutory obligations are being met; and makes decisions in regard to large or contentious issues in the School. More recently, the Board made decisions regarding the new building works and in the roll out of the new Constitution.

## **THE COLLEGE**

The College of Teachers is comprised of all of the full time class teachers, and has executive responsibility, i.e. they run the School collegially. Each teacher has mandates that they oversee or bring expertise to.

Simone, as Business Manager, and other office staff including Lisa, Rebecca and Susan, provide administrative support to the College in fulfilling these mandates. Other teachers in the school consult with the College through regular meetings, in regard to implementation of educational goals, programmes and practices.

## **THE COMMUNITY**

### **CLASS COORDINATORS:**

Class coordinators provide valuable support to the teachers by liaising with parents about class related activities and news. Often teachers do not have time to manage all parent communication, and the class representatives assist as needed. Such duties include initial coordination of fairs and open days, organising meals for camps, performances and celebrations, managing cleaning rosters for the class and welcoming new parents.

**CRAFT GROUP:** Sarah Daniel and Rebecca Cornish coordinate our craft group. Our craft group is open to all parents. Notifications regarding meetings are issues in the fortnightly newsletter. All materials are supplied and experience is not necessary, but a willingness to learn is great!

The craft group works towards making craft for the Fairs and Open days throughout the year. Craft sales are one of our main sources of fundraising. Craft is also available for sale in the office.

**GARDENING:** S'haila is our dedicated and diligent garden coordinator, and welcomes friends, and new faces to help with gardening.

Kirsty and Jess manage the Kindy Garden and also welcome parent helpers.

Steve Fleishmann works with the children to care for our rooftop veggie garden and compost. Sean Glassford maintains the larger external areas, including the lawn, mulched areas, and weed management.

**MAINTENANCE:** The school's maintenance requirements are serviced by Steve Grieve (carpentry and building maintenance), Sean Glassford (cleaning of common areas, lawns, school grounds), Sue Totterdell (cleaning of performance space), and Steve Appel (maintenance of render and building "finishes").

Allocation of maintenance jobs is managed by the office, in conjunction with Steve Grieve who has a broader view of the overall maintenance and building needs, and manages liaison with contractors. Maintenance issues should be reported to the office not direct to our maintenance team.

Specialist tradespeople, builders, and carpenters are consulted and used as needed on larger projects.

Parent volunteers provide support by cleaning classrooms, the performance space, and music room, as well as sweeping, and regular washing of hand and tea towels.

**CAPITAL WORKS/CONSTRUCTION:** The school's master building plan is prepared and managed by Jamie Brennan in regular consultation with Simone, College and The Board. The school will be commencing the building of new classroom spaces and a dedicated art room in February 2019. The progress of this will be communicated via the fortnightly newsletter. Please direct any questions to Simone.

**EVENTS AND FUNDRAISING:** We are fortunate to have a number of parents who selflessly jump in to coordinate fairs, open days, stalls, and other fundraising events. We are always in need of parents to share the load of coordinating these events. Requests for assistance are sent out via Class Coordinators throughout the school year. The Autumn Fair is held in May, and the Spring Open Day is held in September each year.

Class 3 parents manage the running of the Autumn Fair and Spring Open Day each year. Class 3 parents actively participate in planning and implementation of the events. It is expected that all class 3 parents participate, and other classes are called in to help as needed.

## **ARTISTIC WORKSHOPS, SEMINARS AND TALKS FOR THE PARENT COMMUNITY:**

These are advertised in the newsletter and on posters throughout the school, but you are welcome to pass on expressions of interest to Lynn.

Lynn: [lynn@kindlehill.nsw.edu.au](mailto:lynn@kindlehill.nsw.edu.au)

## **PERFORMANCE SPACE**

Our performance space hosts scheduled weekly activities and ad-hoc events for Kindlehill and the greater community. Event posters are displayed at the entrance to the performance space, and details are also provided on our web site and in our fortnightly newsletter.

The performance space may also be hired for use by parents for community activity, pending availability. The Administration Assistant manages all performance space bookings. All bookings are reviewed to ensure they work within the ethos of Kindlehill.
